## **ATM Wins Contract With Nation's Eighth Largest Community-Owned Utility**

### ***Stormwater and environmental experience helps land \$5 million contract***

Jacksonville, FL – Applied Technology & Management, Inc. (ATM), as a subcontractor for Golder Associates, Inc., was recently awarded an environmental services contract by JEA with a not-to-exceed limit of \$5 million. JEA is the eighth largest community-owned electric utility in America and supplies water, wastewater, and electrical services to over 360,000 customers throughout Duval County and surrounding areas.

ATM was chosen for the contract due to a strong local presence in Duval County, experience working with JEA and affiliates, and in-depth experience with stormwater and environmental projects. The additional scope of work for the contract covers services related to industrial and domestic wastewater, water resources, and a variety of environmental tasks relating to site assessments, remediation, and spill response.

The ATM and Golder Associates team will work for JEA under contract for a period of five years. The contract will be up for renewal thereafter.

### **About ATM**

**Applied Technology & Management, Inc.** (ATM, [www.appliedtm.com](http://www.appliedtm.com)) is a marine, coastal, environmental, and water resources engineering firm that specializes in marina and waterfront development and management, beach restoration and renourishment, hydrological modeling, environmental permitting, wetland permitting and management, EA/EIS (NEPA Compliance) & EIA, site/civil development, GIS services, market studies and analysis, upfront conceptual planning and design, financial analysis with proprietary pro formas, and capital financing.
